For Yourself, Not By Yourself

At Agents On The Move, we have adopted a freedom first business model. Feel free to set up your own home office or work from one of our regional offices. Either way you will be supported to the max.

Work at your own pace and in your own time. Because we believe in freedom. The freedom to enjoy the finer things in life that an above average income produces. Whether that translates into being actively involved in the kids school careers, holding down a part time job, or being a dedicated full time go-getter, we are here with back-office support, training and motivation all the way.

From weekly webinars to one-on-one mentorship, training courses to bleeding edge prop-tech, we have you covered every step of the way. We love working with hard hitters, but we value and assist our part time soccer moms just as much.

At the Helm...

A true visionary and industry veteran of 40 years and going strong! Our very own Deon van Dalen heads up Agents On The Move. Surrounded by a dedicated support team from our Johannesburg offices that help him navigate the thrilling waters that are the real estate game.

Deon remains focused on his unending drive to help his agents succeed and is a born motivator that has honed the skill over decades in the game.

As much as the future belongs to the young and the young at heart, there is no substitute for experience and Deon's primary drive lies not in growing marketshare or selling properties, but rather in assisting his agents to live the lifestyle of their dreams. A quick glance at his personal Facebook page **HERE** very quickly confirms the fact that this savvy leader puts his agents first before all else. That means YOU, when you start your journey at one of the links below.
